Pavitha
Coimbatore

20 September 2026

This is to certify that Ms. Pavitha has successfully completed her internship at Vimix Technologies LLP in the role of Junior Software Developer Intern.

The internship was carried out for a period of one month, from 19 August 2026 to 19 September 2026, during which she was involved in software development activities as part of the development team.

During her internship, Ms. Pavitha was involved in:

- Assisting in application development and software-related tasks
- Writing and testing code as part of assigned development activities
- Debugging software modules and identifying technical issues
- Participating in code reviews and team discussions
- Collaborating with team members on software development activities
- Gaining practical exposure to modern software development practices, tools, and technologies

She demonstrated a proactive approach towards learning, problem-solving, and completing assigned tasks within the internship period. Her participation provided her with practical exposure to software development in a professional work environment.
We appreciate her dedication and participation throughout the internship and wish her continued success in her future academic and professional endeavors.
